

Federal Levy Table 2026

The Department of Treasury – Internal Revenue Service issues updated tables for determining amounts exempt from levy (Publication 1494).

When you install your year-end update, the Federal Levy screen in Administration is updated automatically. However, you can manually update the table, if necessary.

Use the following information to manually update the levy table in Adapt:

1. Select **Administration**.
2. Select **Manage Federal Levy**. The Manage Federal Levy segment displays.
3. Click **Add**.
4. Use the table below to update the Add Federal Levy Record window for 2025.
